

LED LINEAR LAMPS

For Fluorescent Applications

Product Description

LED T8 Tube Light, fits directly into any fluorescent medium bipin lamp holder, replacing standard F32T8 or F40T12 lamps. Lamps have an aluminum housing and polycarbonate lens. Lamps have a 5 year warranty. They're humidity/moisture resistant. They're available in warm white (3500K), cool white (4100K) and full spectrum (5000K). Great for business lighting, home lighting, accent lighting, or office lighting, just remove or disconnect existing ballast. LED T8 Tube Lights work in homes, offices, boats, RVs, buses, trains, cabinet lighting, task lights, etc. With the long life of the LED and removal of the ballast, you'll save on energy costs and replacement costs.
